Weiyuan Gong

Harvard University, Allston, MA
+1 8577578945
wgong@g.harvard.edu

Education

Aug 2019 –June 2023 **Bachelor of engineering**, *Institute for Interdisciplinary Information Sciences (Yao Class)*, Tsinghua University, Beijing, CHN.

- Thesis: *Pauli Channel Estimation with Bounded Quantum Memory*, Outstanding diploma thesis.
- Thesis advisor: Sitan Chen and Dong-Ling Deng.

Sept 2023 –Present **Graduate student**, *John A. Paulson School of Engineering and Applied Sciences*, Harvard University, Cambridge, MA.

- Advisor: Sitan Chen.

Working Experiences

June 2023 –Aug 2023 **Visiting student**, Quantum Laboratory, DAMO Academy, Alibaba, Host: Dr. Jianxin Chen.

Jan 2020 –June 2023 **Member**, Center for Quantum Information, Institute for Interdisciplinary Information Sciences, Tsinghua University, PI: Prof. Dong-Ling Deng.

May 2022 –Dec 2022 **Research Internship**, Center on Frontiers of Computing Studies, Peking University, PI: Prof. Tongyang Li.

Dec 2021 –Sept 2022 **Research Internship (Remote)**, Department of Computer Science, University of Texas at Austin, PI: Prof. Scott Aaronson.

Apr 2021 –Aug 2023 **Research Internship (Remote)**, QuICS, NIST/ University of Maryland, College Park, PI: Prof. Alexey V. Gorshkov.

Talks

- *Smooth and sharp complexity transitions in learning with bounded quantum memory* , QuICS special seminar, QuICS, University of Maryland at College Park, College Park, MD, Mar 2024.
- *Smooth and sharp complexity transitions in learning with bounded quantum memory* , Department of Computer Science, University of Texas at Austin, Austin TX, Feb 2024.
- *Efficient Pauli Channel Estimation with Logarithmic Quantum Memory*, IIIS, Tsinghua University, Beijing, Dec 2023.
- *On the Quantum-classical Separation in Shallow-circuit-based Machine Learning*, Quantum Laboratory, DAMO Academy, Alibaba, Hangzhou, June 2023.
- *Enhancing Quantum Adversarial Robustness via Randomized Encodings*, APS March Meeting, March 2023.
- *On the Universal Decomposition Strategy for Quantum Channel Compilation*, invited talk at Quantum Seminar, Peking University, Beijing, March 2023.
- *Learning Distributions over Quantum Measurement Outcomes*, (virtual) invited talk at Quantum Research Seminars Toronto (QRST), the Matter Lab at the University of Toronto & Zapata Computing, October 2022.
- *Learning Distributions over Quantum Measurement Outcomes*, invited talk at Yao Seminar, IIIS at Tsinghua University, October 2022.

Academic Service & Teaching

- Referee for conferences: STOC 2024, QIP 2024, QSim 2024
- Referee for journals: PRX Quantum, Quantum, Physical Review A, Communications in Mathematical Physics, ACM Transactions on Quantum Computing, TheoretiCS
- Teaching fellow, CS 2243: Algorithms for Data Science, SEAS, Harvard University, 2024 Fall.
- Teaching assistant, Abstract Algebra, IIIS, Tsinghua University, 2023 Spring.

Honor & Awards

June 2023 **Outstanding Diploma Thesis**, Tsinghua University.

Nov 2022 **Academic Excellence Scholarship**, Tsinghua University.

Nov 2022 **Outstanding Scholarship for Scientific and Technological Innovation**, Tsinghua University.

Nov 2020 **Outstanding Scholarship for Social Works**, Tsinghua University.

Nov 2019 **Freshman Scholarship**, *Second Prize*, Tsinghua University.

Nov 2017 **First Prize (Gold Medal) in 34-th CPhO. Candidate for China representative of 49-th IPhO.**, Chinese Physical Society.
